

Downlight

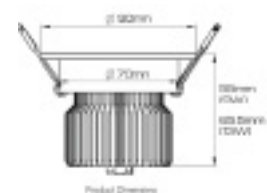

The DL06 downlight provides high quality and low glare illumination, achieved by the antiglare lens. Clean design lines create an aesthetically pleasing fixture that includes a tilt angle of 20° left or right.

Providing a perfect LED replacement for a traditional halogen with a similar size, while saving 70% of energy costs with a life expectancy of 50,000 hours.

Standard with phase dimming as standard and DALI as an option.

Watts:	9W, 12W
IP Rating:	IP40
Operating Temperature:	-40°C to +55°C
Input Voltage:	220-240V 50-60Hz
Cut Out Diameter:	75mm
Beam Angle:	36°, 60°
Dimming:	Phase, DALI
Product Colour:	White, Black
Colour Temperature:	2700K, 3000K, 4000K
CRI:	>80
Protection Class:	II
Life:	50,000 Hours
Warranty:	5 Years
